

# SSL CERTIFICATES

## SECURITY SOLUTIONS FOR YOUR SITE

At IBSPoint we provide the most reliable web hosting services available. Through global industry leaders in providing world-class hosting and SaaS solutions to small, medium and enterprise businesses. So whether it's a website, e-commerce, Web 2.0 application, or a complex clustered server solution, our hosting services deliver robust performance and reliability that you can count on to support all of your hosting needs.

### Four SSL Certificates to choose from

» **AlphaSSL: Basic entry level security** — Start securing your transactions and logins instantly. This low cost no fuss Certificate doesn't carry the extra credibility of the GlobalSign brand, but it's functional and a great place to start if your budget is tight!

- Options — Standard SSL (secures a single domain name), Wildcard SSL (secures multiple subdomains).
- Issuance Speed - 5 minutes or less.
- Activates - Enables Yellow SSL Padlock.

» **GlobalSign DomainSSL: Fast and economical security from a trusted security brand** — The perfect solution for when you need a highly trusted 256 bit enabled SSL Certificate, and you need it quickly! Start securing your transactions and logins instantly

- Options - Standard SSL (secures a single domain name), Wildcard SSL (secures multiple subdomains), Unified Communications multi-domain (secures up to 40 subdomains & hostnames).
- Issuance Speed - 5 minutes or less.
- Activates - Enables Yellow SSL Padlock.
- Unique Features - Free SGC encryption, Underwritten warranty of \$10,000, 3 server licenses for the price of 1 (2 more than our competition!).

» **GlobalSign OrganizationSSL - Extra levels of authentication for extra trust** — Organization SSL has a high level of customer trust because your company name and address are included within the actual Certificate.

- Options - Standard SSL (secures a single domain name), Wildcard SSL (secures multiple subdomains), Unified Communications multi-domain .
- Issuance Speed - 2 business days or less.
- Activates - Enables Yellow SSL Padlock.
- Unique Features - Free SGC encryption, Underwritten warranty of \$100,000, 3 server licenses for the price of 1 (2 more than our competition!).

» **GlobalSign ExtendedSSL (EV SSL)**  
**The highest security and trust available – activate the Green Bar** — It's time to Go Green with Extended Validation SSL! Activate the high trust green browser bar in all the latest browsers. EV SSL Certificates are the only way to show your customers your company has been vetted to the highest available standards in the industry.

- Options - Standard SSL (secures a single domain name), Unified Communications multi-domain .
- Issuance Speed - 3 business days or less.
- Activates - Enables Yellow SSL Padlock and Green Address Bar.
- Unique Features - Free SGC encryption, Underwritten warranty of \$250,000, 3 server licenses for the price of 1.

### Unique Value Added Features of ALL GlobalSign SSL Certificates

- » Supported by all popular browsers and mobile devices.
- » Free SGC encryption (technology to turn weak browsers into strong browsers – our competition charge you for this!)
- » Up to 256 bit encryption levels.
- » Secure www and non-www sites with same SSL Certificate.
- » Free lifetime reissues should you move server or lose your Certificate.
- » Underwritten warranty up to \$250,000.
- » 3 server licenses for the price of 1 (2 more than our competition!)
- » Free, trust enhancing clickable Secure Site Seal detailing your company profile.
